1. Introduction

- 1.1 CAA International would like to announce the availability of this training course title in Technical Evaluation for FSTDs.

2. Scope

- 2.1 This 2 day course provides an introduction to the technical requirements applicable to fixed and rotary wing FSTDs. It examines in more depth how these technical requirements are assessed for compliance by the regulator through an FSTD evaluation. All types of FSTD are covered, from the generic Flight Navigation Procedural Trainer (FNPT) through to type-specific Full Flight Simulator (FFS).
- 2.2 By the end of this course delegates will demonstrate an understanding of the following through facilitated discussion and practical exercises:
- The basis and structure of the European Regulations
 - FSTD qualification process
 - FSTD technical requirement
- 2.3 Participants may also be interested in attending the Flight Simulation Training Devices (FSTD) Compliance Monitoring Systems (CMS) course which provides an introduction to Compliance Monitoring Systems as applied to the management and operation of FSTDs.
